

For 2022 we will have four clubs (Carlisle, Cocalico, Hagerstown & York/Adams). Each club will hold two shoots and in 2022, Carlisle will hold the banquet. The entry fee for next year remains at \$25 for adults; any junior shooter will shoot for free (we have a couple members who have volunteered to cover the cost of all junior shooters). We will continue the optional Lewis Class Purse, with the fee of \$5.00 per shooter (no Juniors). The number of classes will be based upon five scores per class and could be altered due to lack of shooters. (1) winner per class, and in the case of ties within the class, (2) winners will be determined by long run, equally dividing the class prize money. All prize money will be a credit to be used at an upcoming shoot; unused credit will be paid at the end of the season. In addition to the Team, High Overall, and Runner-up awards, we will have individual prizes awarded to HOA in Classes AA, A, B, C, D, & E. Individual awards for HOA in Class AA, A, B, C, D, & E, with your season ending Class based upon your 12 best (50s) and averaged and classed from the NSSA 12 Gauge Classification table. As is seasons past, there are no Sunday 9:00am and 3:00pm squadding. This can be modified **only** by the host club that weekend due to weather related issues.

We plan to hold a new raffle in addition to any other raffle prizes we may have at each shoot. Thanks to Andy Trayer for this idea to help generate revenue for the league and supplement the raffle options.

### **\$250 Hi-Lo Raffle**

- The league sells 100 tickets at \$5 each; total revenue is \$500
  - Each ticket has ten 3 digit numbers, so you get 10 chances for your \$5
- At the banquet we will open the seal card to reveal winning number for \$250
  - The number on either side of the winner gets \$25 consolation prize

Ex: If winning number is 327, holder of that ticket gets \$250 and #s 326 and 328 win \$25 and CPSL gets \$200 for banquet and prizes. Depending on participation, we may be able to run more than one 100 round.

### Central Pennsylvania Skeet League 2022 Rules

Shoots will be scored as (2) 50-Bird Scores at each shoot and may be shot over one or both days of the weekend, schedule permitting. There will be no make-ups or shooting ahead. Shooting all 8 events (800 targets) will result in (16) scores. You must shoot a minimum of 6 shoots (600 targets) to be considered for any individual or team awards; we will record your best 12 scores. The top (5) highest individual scores of each Club/Team at each shoot will count as the Club/Team score. Club/Team scores will be cumulative throughout the season to count as the Club/Team final score to determine the League Champion.

Individual awards for HOA in Class AA, A, B, C, D, & E, with your season ending Class based upon your best (12) scores. Pre-squadding is required, but walk-ons can be added to open spots if available. However, the host club is not required to remain

open for walk-ons after the last pre-scheduled squad of the day is finished. Please call the club representative or clubhouse for availability if you have not pre-squadded. Remember, the Sunday 9:00am and 3:00pm squadding has been ELIMINATED.

Field assignments are determined and subject to change by club management in the best interest of efficient operation, not subject to preference of the shooters. For inclement weather questions contact the club representative or clubhouse. Once the first squad begins shooting on either day, that entire day is considered official, and all scores shot will be recorded. If no squad begins on a day due to bad weather, then it is officially postponed. The host club will schedule a make-up date, before the next shoot, for only those shooters who were originally pre-squadded for the postponed day. No other shooters can shoot the make-up day.

**NSSA rules will be followed and enforced, including mandatory eye and ear protection.**
